 **BASF**
The Chemical Company

May we introduce ourselves?

BASF Services Europe GmbH was founded in 2005 and is BASF's European Shared Service Center located in the Berlin district of Friedrichshain-Kreuzberg. We provide finance and human resources services for more than 180 BASF companies in the region Europe.

Our international team consists of about 1,000 employees from more than 50 nations. In Berlin, we offer a variety of career opportunities, fields of activity and chances to develop. We employ a strong, dedicated and independent team. Interns, working students, graduates and experienced experts: They all contribute to the company's success.

We are a part of BASF Group. BASF is the world's leading chemical company: The Chemical Company. In 2010, BASF posted sales of about 63.9 billion Euro and had approximately 109,000 employees as of the end of the year.

Want to know more?

On May 6 we will present the fields of activity of BASF Services Europe and offer a point of contact, where you can pose your questions. Speeches and guided tours will give you an opportunity to get to know us. Our recruiters will provide information about vacancies, career opportunities and the application process.

No registration required.
